Dear Suzanne:

I was glad for the chance to visit with the Camp Greenwood Board last month, and I look forward to continuing to explore prospects for a partnership between Camp Greenwood and Alma College.

The longstanding ties between Camp Greenwood and Alma College will help us to build this partnership. I have asked faculty colleagues to explore an initial pilot that would involve engaging Alma students in our spring (May) term at Camp Greenwood. In addition, I think the ideas we discussed regarding summer class/camp opportunities might well develop once we can further establish the connection through a Spring Term class.

I hope that your summer has continued to go well, and I would welcome the opportunity to talk with you about these and other opportunities for the summer of 2017.

Sincerely,

Jeff Abernathy
President
