

Good Afternoon Ladies,

It was a pleasure meeting you and learning more about your camp this week.

As we discussed, I had our customer service team separate out the current annual premiums attributable to your camp operations.

The property and liability policy is \$10,524 as your portion.

The umbrella liability policy is \$516.

The auto policy is \$641 for your one truck.

The total workers' compensation policy for the Presbytery is \$3,127 for the year. We did not know which payrolls were yours and which were the Presbytery office. I have attached the most recent workers' compensation audit we received from their office. If I use only the payroll under code 9015, I come up with adjusted total of \$2,582 for the year.

So... the combined total of the premiums would be about \$14,263 if we did not need to add any of the other payroll amounts.

Please let me know if you have any questions.

Sincerely,

Andy Sherrington
