

Banks – Half Mile – Horseshoe – Thomas - Woodbeck

Woodbeck Chain of Lakes Association

Dear Barb,

The members of the Woodbeck Chain of Lakes Association (WCLA) truly appreciate all that you and others have done to sustain and improve Camp Greenwood over the past six months or so. Our support of your efforts was demonstrated by the number of individuals from the WCLA that participated in the camp cleanup project this past spring. That day provided clear evidence that the local residents are willing to work hard to support the camp. It was also encouraging to see the large number of WCLA members that attended the pancake breakfast held at the camp this past spring.

Your commitment to the camp was evident the day of the breakfast, as shown by the number of WCLA members you took the time to personally connect with, explaining the activities of the camp, answering questions and offering camp tours to anyone interested.

It was also exciting to see the support you have garnered and the positive relationships you have built with the representatives of Camp Westminster on Higgins Lake.

The members of the WCLA encourage you to continue your dedicated effort to develop the new non-profit organization, Greenwood Ministries Association, to continue and expand the camp activities to serve the youth of our area. We look forward to further developing our relationship to support camp activities going forward. We consider you a valuable part of our community but even more, we understand the importance of the ministry that you provide to the families that are able to experience Camp Greenwood.

Sincerely,

Woodbeck Chain of Lakes Board
